## PREFACE

This report supplements [ ] Olovyannaya ICBM Complex, USSR, prepared in response to CIA Requirement C-DI5-82,972 requesting detailed line drawings, to scale, of elements of the complex. The information contained herein is based on [ ] photography [ ] Individual reports will be updated periodically to reflect changes observed on subsequent photography.

25X1

25X1

The horizontal and vertical dimensions included in the report are computed values, as derived, and do not reflect numerical roundoff. The horizontal dimensions are accurate to within plus or minus 5 feet or plus or minus 5 percent, whichever is greater. The vertical dimensions are accurate to within plus or minus 5 feet or plus or minus 5 percent, whichever is greater. These dimensions represent the best mensural data to date, and are to be considered the most accurate with respect to any conflicting data in previously published reports.

### OLOVYANNAYA ICBM COMPLEX, USSR LAUNCH SITE 3

Launch Site 3, located at the head of a narrow valley approximately 13.5 nm north-northeast of the complex support facility, consists of a completed Type IIIA launch site and a site support facility (Figure 1). The site can be negated [REDACTED] was first observed [REDACTED]

25X1

25X1

25X1

25X1

[REDACTED] and considered complete [REDACTED]

The launch site (Figure 2), approximately 2,330 by 1,865 feet, is enclosed by 2 irregularly shaped security fences which are only partly visible. The site contains the typical loop road pattern, 3 launch silos with rectangular doors, a control bunker, 2 possible semiburied tanks, and a probable spray pond. Approximately 900 feet southeast of the silos are 2 earth-mounded missile RIM buildings. [REDACTED]

25X1

25X1

The site support facility (Figure 3), about 3,300 feet south of the launch site, consists of an administration and housing area and a construction support area. The administration and housing area contains 4 single-story barracks-type buildings, 4 multistory barracks-type buildings, 1 possible administration/staff building, 1 possible administration building, 1 probable vehicle-maintenance building, a steamplant, 1 building under construction, and 8 unidentified buildings. The construction support area contains 4 T-shaped buildings, 28 single-story barracks-type buildings, 7 abandoned building foundations, and 17 unidentified buildings.
